

Refreshments

Cross View Tea Rooms are pleased to use Mad Hatters Tea which is specially blended by the Richmond based Mad Hatter Tea Company.

To ensure a consistent and quality coffee for you we are pleased to offer coffee from the Honey Farm Estate in Coorg in India. This is a small estate which has been growing and marketing their own coffee since 1908.

By dealing with a single Estate we are ensuring consistent product which is not subject to the variations found in many large scale blends.

Every step that a bean takes towards your cup is carefully monitored from the choice of saplings to the roasting of the bean. As the Estate is now run by the third generation of farmers they place high standards on environmentally friendly methods of production and in an attempt to support this we are guaranteeing a fair price for their coffee by dealing direct.

Further information on our coffee can be found at:

Cross View Tea Rooms was established in 1988, originally taking over 38 Market Place which previously had been the office and café of the United Bus Company.

In 1994 the adjoining 39 Market Place was taken on almost doubling the size of the premises. The current owners Ian and Cath Muir took over the business in 2003 and continue to develop the business with the help of their enthusiastic staff.

The café prides itself in producing a high standard of food prepared freshly on the premises using locally supplied produce. By working closely with its local suppliers (please see back page of menu) the café is able to produce fresh seasonal dishes and offer a wide range of menu from traditional through to modern tastes.

Because dishes are prepared freshly the café offers a very flexible menu system and can cater for most needs and size of party, although at busy times the customers patience is appreciated. Larger parties may be catered for by prior arrangement and an option of evening opening is available.

May we take this opportunity to thank you for your custom and hope that you enjoy your time spent with us today.
